

CNF vs FOB LCL Shipment

A CNF Singapore shipment - LCL

1 >	Your supplier arrange the shipment to Singapore, you just need to appoint a forwarder like 360FS to customs clear and delivery the cargo to your warehouse
2 >	You has no control about the shipment, it is up to the shipping line in Singapore, how they want to charge you for Shipping line and their warehouse charges
3 >	360FS will charge you : SGDCustoms clearance & Import Permit fee = SGD30.0 (for max 3 x HS code) + Delivery Charges with non-tailgate truck @ SGD11.00/m3, Min SGD80.0/trip/point + SGD80.00 (shipment handling fee) = min SGD190.00

B FOB your supplier nearest port to your warehouse - LCL

FCA or EXW terms can be arranged

1 >	360FS arrange the shipment from your supplier's nearest seaport to your Singapore warehouse.
2 >	Your are in full control of your shipment, with no hidden charges to you. We bill you per what our quote
3 >	No handling Fee
